General Information

Note: This bulletin is intended as a useable condensation of the general University bulletin, and as an instrument to inform those interested in special information dealing with the summer school. Regulations not fully explained here may be found in the general University bulletin.

LOCATION AND CLIMATE

The University is located at DeLand, Volusia County, Florida, about one hundred miles south of Jacksonville, and twenty-four miles from Daytona Beach. It may be reached by the Atlantic Coast Line Railway, the Florida Motor Lines, and by Florida Airways. The site was chosen because it is on high pine land in a rolling country remarkable for its healthfulness, orange groves, and native pine woods. The climate is delightful. People live out of doors in the sunshine the year around. Students who are unable, because of poor health, to attend college in the North find that they may here pursue their studies regularly and at the same time improve in health. Because of the climate and the high standards of the University, many northern families have established homes here.

GROUNDS, BUILDINGS AND EQUIPMENT

The campus of the University consists of forty-three acres situated in the northern part of DeLand. The University is housed in nineteen buildings as follows: *DeLand Hall and Annex, The Band Hall, Stetson Hall, President's Home, Elizabeth Hall, Chaudoin Hall, Science Hall, the Central Heating and Lighting Plant, the Library, Conrad Hall, Cummings Gymnasium for Women, Hulley Gymnasium for Men, the Irving C. Stover Little Theatre, the Hulley Chimes Tower, the Commons Building, Stevens Hall, Brittain Hall, and the Campus Soda Shop and University Post Office.*

The University has an endowed library of approximately forty-five thousand volumes together with four hundred periodicals and a separate law library of fourteen thousand volumes. There is a library of music and records for all departments of the School of Music. The University has an attractive chapel with a beautifully-toned pipe organ, a comprehensive and well arranged museum, ten laboratory rooms for chemistry, physics, biology, and general science, a large assortment of costly appliances, well equipped iron shops, indoor gymnasium apparatus, enclosed athletic field, tennis courts, baseball diamond, football gridiron, and has nearby facilities for golf, swimming, rowing, and other sports.

The University Commons has an attractively furnished lounge and two cafeterias. All meals are prepared by an experienced chef under the supervision of a trained dietitian. Only the best materials are purchased and meals are prepared under the most sanitary conditions, thus assuring substantial, wholesome and appetizing food.

The infirmary service of the University, under the direction of competent graduate nurses, provides for the care of all minor illnesses and the relief of acute conditions which do not require special nursing. Supplementary to the services afforded by the University infirmary, a student may at his own expense secure any available physician he desires. In the event of serious illness the University always notifies the student's parents at once.

The Stetson Bookstore is owned and operated by the University. It handles textbooks and supplies needed by the students.

ADMISSION

Persons who are planning to enter Stetson for the first time this summer, including those from other institutions, should send a transcript of their credits to the Registrar as soon as possible and make the necessary application for admission. Blanks for this purpose may be secured from the Registrar. An applicant who has been in attendance at an accredited college must be eligible to return to the college or university last attended and must have maintained a satisfactory academic record.

An applicant for admission to the freshman class must be a graduate of an accredited secondary school with a minimum of fifteen units of credit, three of which must be in English. The student should ask his high school principal to send a transcript of his credits to the Registrar of the University.

Applicants who have graduated from a non-accredited secondary school or who cannot establish entrance credits may be admitted by examination. Entrance examinations will be given immediately before the opening of each academic quarter.

For further information write to the Registrar.

DEGREE REQUIREMENTS

The University offers courses leading to the degrees of Bachelor of Arts, Bachelor of Laws, Bachelor of Science, Bachelor of Music, Master of Arts, and Master of Science. Students taking work toward college degrees should familiarize themselves with the degree requirements of the University. Those with two or more years of college credit should have credit sheets checked by the Registrar before the beginning of the term.

A minimum of thirty-six majors is required for the A. B. or B. S. degrees, twelve of which must be of junior-senior rank. The Dean of the School of Music, or the general University bulletin should be consulted by those planning to work toward the B. M. degree. In addition to specific requirements in the major field, certain courses are required of all regular students in the University. They are as follows:

English	two majors
Religion	one major
Physical Education	two years

A full year of residence is required for graduation.

An average grade of C (1.0 quality point average) and a minimum of 36 quality points are required for graduation.

ROOMING FACILITIES

Excellent rooming facilities are provided by the University for all students who wish such accommodations. A deposit of \$10.00 is required to reserve a room. Students who live in the dormitories will need sheets (single), towels, pillowcases, and any articles with which they may wish to make their rooms attractive.

All unmarried undergraduates are required to live in the college dormitories or in facilities approved by the University.

DIVISIONS IN THE COLLEGE OF LIBERAL ARTS

I. *The Humanities*—Subjects relating to the expression and communication of ideals and values. Dr. W. Hugh McEniry, chairman. (Art, Drama and Speech, English, French, German, Greek, Latin, Music, Philosophy, Religion, Spanish).

II. *The Natural Sciences*—Subjects relating to the physical world. Dr. John F. Conn, chairman. (Biology, Chemistry, Engineering, Geology, Mathematics, Physics).

III. *The Social Sciences*—Subjects dealing with man in his social relations. Dr. Gilbert L. Lycan, chairman. (Economics, Education, Geography, Health and Physical Education, History, Journalism, Political Science, Psychology, Sociology).

EXPENSES

The University operates on the quarter plan. The rates given below are for the summer quarter.¹

I. *Expenses for Resident Students* (Florida residents)

1. Matriculation Fee \$ 5.00
(Charged new students, but payable only once)
2. Expenses for Students Living in Dormitories
(Includes fees for tuition, use of library, gymnasium, infirmary, also board, room and flat laundry.) The rates given below, which include all these items, vary with the type of room selected. They are listed in four groups as follows:
 Group I. 250.00
 Group II. 265.00
 Group III. 275.00
 Group IV. 285.00
3. Expenses for Off-Campus Students² 100.00
4. Expenses for Students Living off Campus who
Take Their Meals at University Cafeteria 220.00

II. *Expenses for Non-Resident Students* (Out-of-State Students)

1. Matriculation Fee 5.00
2. Expenses for Students Living in Dormitories
(Included are all the items mentioned in Section I—2 under expenses for resident students. The expenses vary with the type of room.)
 Group I. 275.00
 Group II. 290.00
 Group III. 300.00
 Group IV. 310.00
3. Expenses for Off-Campus Students² 125.00
4. Expenses for Students Living off Campus who
Take Their Meals at University Cafeteria 245.00

¹—In view of the prevailing uncertainty as to cost of labor and materials, the University reserves the right to change its charges for room and board at the beginning of any quarter, but will give its patrons advance notice of any such contemplated change.

²—This item includes cost of tuition, use of library, gymnasium, and infirmary.

III. Special Fees:

Tuition for One Major (when full course is not taken)	35.00
Tuition for One Major—Auditors	20.00

(Changing courses after registration entails additional administrative work. Unless the change is initiated by the University, a fee of \$1.00 for each course involved will be charged)	
Special Examinations	2.00
Transcript of Record	1.00
Late Registration	5.00
(Registration after class begins involves additional administrative work and seriously affects the work of the student. An additional fee of \$1.00 per day, will be charged for each day registration is delayed. The maximum delay charge for any quarter is \$5.00)	

The University has its own bookstore, which is operated on a strictly cash basis. Parents must not expect the University to charge textbooks on regular bills. In case such an arrangement is desired, it is suggested that a deposit of \$20.00 be made with the Bursar. An itemized statement of each book account will be rendered as soon as possible after the opening of each quarter.

The University must be able to anticipate its income and its disbursements just as any other business. It is, therefore, necessary that the University consider registration for class work and reservation in a dormitory as a contractual obligation. After one week of dormitory residence, no refund can be allowed. After four weeks of class work, no tuition refund is allowable. When the refund is allowable, fifty per cent of the charge will be returned.

COLLEGE OF LIBERAL ARTS AND SCHOOL OF BUSINESS

COURSES OF INSTRUCTION

The number of courses announced herewith is limited, but the University will endeavor to arrange for any other course for which there is sufficient demand. No class will be organized with fewer than twelve students.

Courses in the 100 and 200 series are usually open only to freshmen and sophomores. Courses in the 300 and 400 series are usually open only to juniors and seniors.

The normal load for a student is three courses. Students with a B average may take four courses provided approval is granted by the student's faculty adviser and the Dean of the University. Classes meet every day, five days each week.

Each course counts as one major of credit unless otherwise noted. A major is equivalent to 3 1/3 semester hours.

For a full description of courses see the general catalogue.

Courses listed in the following schedule are tentative, and no student should plan his summer's work without consulting the summer session schedule which will be printed in May.
